I Hate Acrylics...

You won't after you see the artist Roy Kinzer demonstrate how to use them and hear his lecture on the medium!

Roy is the demonstrating artist for Golden Artist's Colors and a graduate of PAFA. He will show you the many different ways you can use acrylic paints and mediums, and talk about his own work and the fascinating technique he developed to create his large scale abstract works based on satellite imagery. Roy's lecture is longer than most we have on Friday nights, so we would like to get started at 5:30 PM in the main gallery. He will have paint and product samples for about 50 people, so get your dinner reservations in early to get a spot at this great lecture- after you hear him you won't look at acrylics the same way again!

**Only \$16-- Good food! Good company! Paint samples!
And a great lecture and demo!
